

GREEN JEWEL[®]

FOR BOTANIC GARDENING

LIQUID OXYGEN PLUS

Hydrogen Peroxide H_2O_2

- ✓ Adding Fresh Oxygen
- ✓ Killing Pathogens

GREEN JEWEL LIQUID OXYGEN PLUS prevents unwanted bacteria & fungi that may be lurking in the garden.

GREEN JEWEL LIQUID OXYGEN PLUS save houseplants that have become waterlogged. When plants are overwatered, water fills the air spaces in the soil, cutting off the flow of oxygen to the roots.

GREEN JEWEL LIQUID OXYGEN PLUS helps encourage healthy root growth because of the extra oxygen molecule. Oxygen can help plant roots absorb nutrients from the soil.

Therefore, this extra bit of oxygen better enables the roots to absorb more nutrients, which means faster, healthier, and more vigorous growth.

GREEN JEWEL LIQUID OXYGEN PLUS well-known cleansing and oxygenating agent for hydroponic systems.

GREEN JEWEL LIQUID OXYGEN PLUS contains hydrogen peroxide (H_2O_2) which is a highly unstable molecule.

It will quickly break down in the nutrient tank releasing a free atom of oxygen.

This oxygen atom is extremely reactive and will attach itself to either another atom, forming a stable oxygen molecule, or attack a nearby organic molecule, such as a virus or fungal spore.

Benefits

- ✓ Combat Root Rot
- ✓ Fight Fungal Infections
- ✓ Sanitize Seeds
- ✓ Accelerate Seed Germination
- ✓ Disinfect Tools, Pots, and Greenhouses
- ✓ Use in Aquaponics and Hydroponics
- ✓ Use to Fertilize Your Plants
- ✓ Keep Pests Away
- ✓ Prevent Bacterial Rot
- ✓ Kill Weeds
- ✓ Water Treatment
- ✓ Vigorous Growth
- ✓ Eco Friendly

Directions for Use

- Shake bottle before use.
- Spray on roots and leaves.
- Do not water immediately after application.
- Do not apply under hot sun.
- Apply once a week.

Storage

- Keep in original container. Keep out of reach of children.
- Store in a dry place, away from direct sunlight, open flame and food staff.
